

## COMPLETE TOOLING SOLUTIONS AND CONTRACT STAMPING

**Tools Inc. was founded in 1957 by Merle Snyder with the goal of providing the best possible tooling at a fair price. Today Merle's four sons carry on that tradition at the company's new 70,000 square foot state of the art facility in Sussex, Wisconsin. Over the years the company has grown to include contract stamping to customers in a wide variety of industries including automotive, appliance, agricultural, motorcycle and outdoor power equipment. We are geared toward building medium to large scale dies.**

**We would like to extend an invitation for you to visit our location so you can see first hand how we can assist you on your next tooling or stamping project.**
